Develop the Boys.

It is a great thing to take a boy to one's confidence, to find out his tendency and help develop it. Every day has some indication toward some right thing. To discover that and give it force is doing more good in the world than one usually has the opportunity of doing. The way to do this is to take an interest in the boy, talk to him, encourage him, give him a book that touches upon his tendency. There is no much lack of faith in a boy. This is a boy, a lack of understanding and knowledge, and looking into him and seeing what the outlook is. There is more chance of doing good in the world, right here in this boy, than there is in all the enterprises that one comes to. Very often a man will see some watered-up impulse in a boy, and he will make up his mind that there is no good in him. He won't turn out as such a boy. He is too overgrown of them an advantage, if it is taken hold of in the right spirit. Next to a woman girl the best thing that ever came into the world is a manly boy. But he must have a chance; he must see his way; he must have a manly and firm ship. The man that is done in the lack of these is amazing. There are even fathers who never think of these things; who have their boys but never get on the inside of their heart. It is a great mistake.

Generally debilitated for years. Had slight headache, jacked ambition, was worn-out and all run down. But the blood from the medicine made me a well man again.—Mrs. Clara Kelley, Missouri, Conn.

Autos In Kansas.

Farmers all over the state of Kansas are making use of the automobile, both for business and pleasure. This fact is proven by the number of automobiles that can be seen by a trip through the Sand-wear State. Farmers all over the State are using the motor cars with as good results as the plow, binder or cultivator. There is perhaps no State in the Union with more automobiles per capita than Kansas.

It's A Crime.

Country Editor vs Millionaire.

The editor of the Russell Ky. Democrat responsible for the following: "I'd rather be a country editor and chase ground for news, before I'd be a millionaire, with wealth I could not use. I'd rather be a printer with patches on my trousers, than be a master of finance, with all my thoughtless riches. I'd rather eat my modest meal, digest the same with ease, than sit down to a royal feast with stomach ache like John D's. To romp and frolic with my kids around our cheerful hearth, with their mother by the side to help enjoy the mirth, is better than to move about in high society, where dress and jewels make life a mockery. "The true, the printer's eagle-eye shot and down come, in a hurry but the happy fellow does not feel the dinner worry. He says he has a conscience disposition, says he knows that life is always joy beside the chain for money. For the matter of opinion is happier now he is, than the man who owns a palace, a yacht and a private car. And when he goes to his room he knows that all it will while the man who makes his wealth in gold and money does not make his."

Shame On You.

Girls on a southern railroad passenger train hang their garments over the bell cord, and the weight of their apparel set the air brakes and stopped the train. It goes without saying their were country girls. These in the cities nowadays don't wear enough to flag a hand car much less stop an express.—Louisville Herald.

All efforts have failed to find a better remedy for coughs, colds and lung trouble than Foley's Honey and Tar. It stops the cough, breaks the lungs and prevents serious results from a cold. J. N. Patterson, Indiana, Iowa writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from physicians without getting better. A friend recommended Foley's Honey and Tar and two bottles of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Sold by Stockton and Son. n-1m

Narrow Country Roads.

Out in Iowa they are discussing a proposition to narrow the country roads to the width actually in use and then keep the entire roadway in passable condition, instead of having something like four rods between the fences with a driveway in the center which is in the narrowest way.

The advocates of the narrow roads favor a forty foot road with good drainage ditches at the sides, allowing the land owner adjoining to appropriate the abandoned strip on each side and add it to their farms in return for money with which to build modern rail in the narrowest way.

Don't think that pills can be cured. Thousands of obstinate cases have been cured by Don's Ointment, 50c at any drug store.

A Hasty Introduction.

When Mark Twain lived in Buffalo he made the acquaintance of some neighbors under peculiar circumstances. Emerging from his home one morning he saw something which made him run across the street and remark to the people who were gathered on the veranda: "My name is Clemens; my wife and I have been intending to call on you and make your acquaintance. We owe you an apology for not doing it before now. I beg your pardon for intruding on you in this informal manner, and at this time of day, but your house is so fine."

Get Rich Quick.

Elizabethtown News: This country had two campaigns in which the money standard was the issue. The question then was whether it should be gold or silver, but just now the country is interested in another phase of money standard. It is whether the dollar should be put above the man. The country is going wild on Commercialism. Men are seeking to get rich fast. In the struggle that is going on for fortune under the microscope that it will bring happiness everything else is sacrificed to the dream. Thousands have dollars so close to their eyes that they cannot see anything beyond the rim. It is a law standard, that debars rather than elevates mankind. Truly it can be said of the age that "the love of money is the root of all evil." Men are not seeking it for noble purposes, but for gratifying selfish desires. They are not enriching the world by their

living, but like the leech, they are blood suckers impoverishing others in the desire to have more than their neighbors. As a result of this low standard religion, morals, literature and respect for the law are all suffering. The country is prospering from a money standpoint as never prospered before, but it is in consequence of this craze to get rich it is suffering in many things which are more valuable for the advancement of humanity.

Made Him Frisky.

What is good for a man is good for a beast, and it's a people that works men's both ways. Not far from town lives a contented couple on a farm. They think a good deal of each other and last March when the husband began to refuse his rations and kind of get sick like, he worried his wife. Nothing seemed to suit his taste and he went about his work doing chores as if he was trying to save funeral expenses. Out in the barn his wife came across a package of condition powders like they feed horses. After reading his good qualities printed on the wrapper, she went to try some on her husband. The next morning her breakfast table missed a table-spoonful with contentment. He ate it with relish. The next day she repeated the dose and before the end of the week he jumped a fence and turned a hand-spring. Before he had eaten a one-pound package he threw the hired man some three times during the noon hour and empty several capers like a 10-year-old would. Then the good wife tickled, all over with her wonderful discovery, got another package, but before half of it was used up, her husband got so frisky she couldn't keep him on the farm or home at nights. He just wants to prance around and make "go-go-go" eyes at all the women, and now his wife is in tears and talks about getting a divorce.—Kx.

FOR YOU AND YOUR WIFE

A cheerful, pretty bedroom will help you to start your day in a cheerful pleasant mood. It's a haven of rest for you to come back to at night. And all day long it is a pleasure to your wife.

To make a pretty bedroom it is more important to have tasteful furniture than lameness. Cheap furniture that merely costs a lot. A brass bed, or a pretty white iron bed if you prefer, horse and chair of light color (bedroom rug is especially pretty) a low looking chair and one or two straight back chairs to match, a mirror five feet high screwed on the closet door, a sofa upholstered in cretonne, a shirtdress box covered with the same, and be cretonne repeated in hangings at the window over white muslin curtains, a light colored rug on the floor—all this does not cost very much, if you buy from us, and makes a pretty room. Come in and talk it over.

Don't forget to get a STEARNS & FOSTER mattress. That's what makes your bedroom a haven of rest. No other mattress is so comfortable.

Made in four grades of superiority; \$10.50 to \$22.50. Windsor Cradle at \$12.50 is guaranteed superior to any other cradle in the market. We sell it on 60 nights' trial. If you are not with it at the end of that time we will return your money without question or comment.

Small Things

Had it ever occurred to you: That it takes every one of the 360 degrees to make a circle, that a wheel is made up of many spokes; that a minute will catch an important train; that a finger mark will discover a criminal; that a two cent stamp will carry a letter five thousand miles; that a smile may brighten a whole lifetime; that 99 cents will not make a dollar. BUT, that a few cents saved on every purchase of merchandise will make dollars in a short time. They are small things—but, they count

Stocking & Son, druggists, submit the following to the readers of the Citic:

For several years we have announced, with our recommendation, that we had found a positive cure for rheumatism, sciatica, neuralgia, etc., in the form of a compound with other healing ingredients.

Yet when there are people right in this town who have enjoyed, and still have never tried this remedy.

We have, therefore, arranged with the D. D. D. Laboratories of Chicago for a special offer of a trial bottle at 25 cents instead of the 50 cents for a regular bottle.

We offer this trial bottle with our recommendation and assurance that as soon as the patient realizes his condition, this liquid will take the risk away entirely. Satisfactory results.

Church Statistics.

Some government figures in reference to churches are interesting. There are 130 denominations, and a minister to about every 130 members. The Methodists report 5,400,000; Baptists come next with 4,000,000; ship of 5,000,000; the Lutherans report 1,125,000; the Presbyterians report 1,500,000; an increase of 25,000; the Episcopalians, 1,125,000; the Congregationalists, 700,000; the Episcopians, 886,842; the Dutch Reform church, 440,000.

In 29 states the Protestants are in the majority. In the Catholics the Catholic states are New York, New Jersey, Wisconsin, Michigan, California, Montana, Nevada, Arizona, New Mexico and Louisiana. In Utah the Mormons are in the ascendancy. The largest proportion of Methodists is in Delaware; of Lutherans in North Dakota; of Presbyterians in Tennessee; of Disciples in Kentucky. In Georgia, Alabama, Mississippi, Florida and South Carolina, Baptists have more than half the entire church membership. In the last 10 years the greatest increase has been the Jews, 251 per cent. The Catholics come next, with an increase of 80.5 per cent.

If you suffer from constipation and liver trouble Foley's Cathartic will cure you permanently by stimulating the digestive organs so they will act naturally. Foley's Cathartic does not grip, is pleasant to take and is a healthy laxative. It is constantly used by taking it every day. It is a healthy laxative, not a cathartic, without irritating the stomach or bowels. It is sold by all druggists. S. J. by Stockton & Son.

Greater Opportunities.

There was never a time when a young man could go along in the world any better than today. There never was a time when it did not take industry, energy and integrity to accomplish anything worth doing. There never was a time when these three virtues counted for more than at the present. The need of this class of men was never greater than just now—not the man of mediocrity, or the indolent person who spends his time loafing in pleasant places of quiet ease—but the man who can do things. The world does not want pretense, but power, not excuse, but results. And the man who can bring results is the man who is in demand everywhere. This is true of the population; it is no less true of the smaller towns. Conscience, capability and character are the letters that will lead the world.

A Tiny Baby

can't I in your world what the trouble is! Well, it's a common complaint. It's a little more and weaker, less flesh and less color and now you're a little more and weaker. Give it White's Cream You'll get a guaranteed result. Expels the worms and puts the baby in a healthy condition. Sold by Perry and Thomas.

Out of the Ginger Jar.

If you are acquainted with typhoid fever, you know it is a terrible disease. It is better to make a few mistakes than to do nothing at all. When it is as broad as it's long it's hard to get the right thing. After an exchange of hot words a column is sure to see it.

The spark of love is usually kindled before it is a match. Say not always what you know, but always know what you say.

The letter who are a good straight line also a good example. People like to be taken for what they are worth, except when the fact seems to contradict them.

The note one never fails to remember to turn up; he goes in, but out and does it himself.

Even the most learned of us never realize how little we know of a subject, but we can ask questions.

Many women, after of reminding a smoky store or a smoking lamp, have to put up with a smoking husband.

"If the smoke is so bad, it is a sign that the house is not clean. It is too big, it is too big, it is too big."
